

Request for the Expression of Interest (EOI) for
Pre-identification of vendors, services providers, suppliers, and installation etc.

Project Background

In response to the priorities of the Government of Pakistan on poverty reduction, the World Bank in close consultation with Government of Balochistan (GoB) and relevant stakeholders have designed the Balochistan Livelihoods and Entrepreneurship Project (BLEP) focusing on improving livelihoods of rural communities by promoting employment opportunities and sustainability of enterprises in project Districts. The project will be implemented in eight districts of Balochistan, including Killa Abdullah, Killa Saifullah, Chagai, Sherani, Pishin, Mastung, Zhob and Nushki and will benefit rural households to promote livelihoods through enterprise development and job creation.

The project will predominantly target communities based in areas affected by a protracted refugee situation. The project is likely to gain benefits for the communities in selected districts, having reliance on enterprises related to various sectors, with a priority on Agriculture, Livestock, Mines, Minerals, Handicrafts, Small Industries, Ecotourism and Forestry. In addition, the Project will have specific benefits for people living in these geographical locations through improved facilities development. The Project has three main components and will be implemented during the course of 5 years. It is financed by the World Bank and executed by Planning and Development (P & D) Department Balochistan.

Objectives and Goals

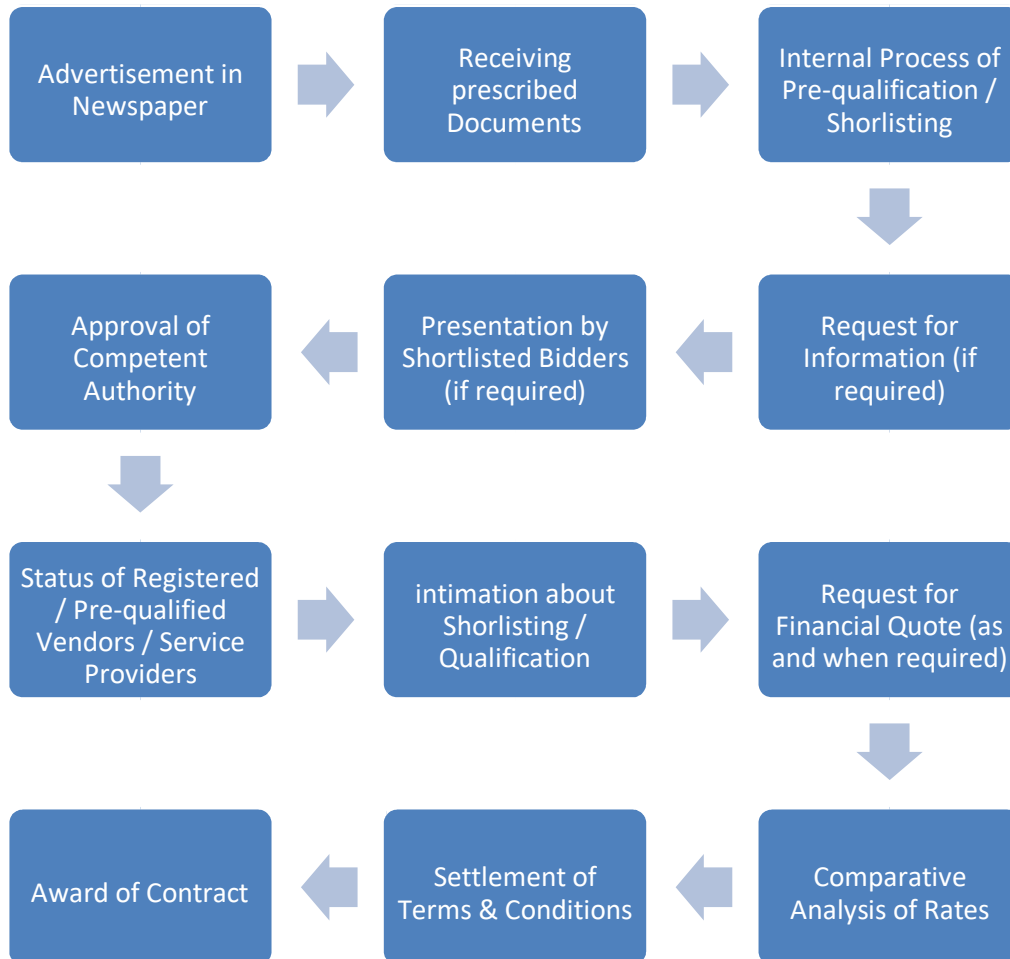

The objective of the BLEP is to develop dynamic, internationally competitive private sector micro, small and medium enterprises (MSME's) by working directly at the firm level and improving the overall business operations, MSME's revenue and creating employment to undercut the impact of refugees' influx and extremism. Moreover, the primary prerequisite for such stabilization is a robust and competitive private sector resulting from a market-driven economic environment and enabling policies. These MSME's are expected to create employment opportunities for rural communities and achieve sustainability of enterprises in selected districts of Balochistan. The project will help local entrepreneurs and individuals to enhance profitability and income provision. These enterprises will help in making a significant contribution to reduction of poverty and uplifting the host communities in the eight districts of Balochistan through business opportunities. The BLEP will offer a comprehensive set of interventions in technical assistance, training, certifications and standards, local and export marketing, and technology upgrades that strengthen SMEs and create a robust private sector. The primary goal of the project's value chain development activities is improving SMEs' revenue and creating employment opportunities.

BLEP Balochistan desires to seek **registrations** from reputed companies for **Pre-Qualification / Registration of Suppliers / Vendors/ Service Providers/Contractors** at BLEP, Head Office and eight targeted districts as per requirements given in this document in the areas of operation.

Brief Introduction of the Organization /Company

Sr.	Factors	Description
1	Name of the Organization/ Contractor / Dealer / Supplier	_____
2	Date of Registration in FBR	_____
3	Corporate Status	_____
4	Owner / Proprietor / MD / CE Name	_____
5	CNIC No.	_____
6	Mailing Address	_____ _____ _____
7	Contact No(s).	_____
8	Cell No(s).	_____
9	Fax No(s).	_____
10	Email Address	_____
11	NTN/GST No.	_____
12	Bank Name & Account No. (for which statement is enclosed)	_____

Evaluation & Process Flow

Technical Evaluation Documentation Requirement

Following documents are required and would be used for **Technical Evaluation**:

- 1) Covering Letter (EoI) on Company's letter head
