- 20.6 The Bid Security of the successful Bidder shall be returned as promptly as possible once the successful Bidder has signed the Contract and furnished the required Performance Security.
- 20.7 The Bid Security may be forfeited:

future members as named in the letter of intent referred to in ITB 4.1 and ITB 12.2.

- 20.9 If a Bid Security is not required in the BDS, pursuant to ITB 20.1, and

D. Submission and Opening of Bids

22. Sealing and Marking of Bids

- 22.1 The Bidder shall deliver the Bid in a single, sealed envelope. Within the single envelope the Bidder shall place the following separate, sealed envelopes:

23. Deadline for Submission of Bids

- 23.1 Bids must be received by the Employer at the address and no later than the date and time specified **in the BDS**. When so specified **in the BDS**, Bidders shall have the option of submitting their Bids electronically. Bidders submitting Bids electronically shall follow the electronic Bid submission procedures specified **in the BDS**.
- 23.2 The Employer may, at its discretion, extend the deadline for the submission of Bids by amending the bidding document in accordance with ITB 9, in which case all rights and obligations of the Employer and Bidders previously subject to the deadline shall thereafter be subject to the deadline as extended.

-
- 24. Late Bids** 24.1 The Employer shall not consider any Bid that arrives after the deadline for submission of Bids, in accordance with ITB 23. Any Bid received by the Employer after the deadline for submission of Bids shall be declared late, rejected, and returned unopened to the Bidder.
- 25. Withdrawal, Substitution and Modification of Bids** 25.1 A Bidder may withdraw, substitute, or modify its Bid after it has been submitted by sending a written notice, duly signed by an authorized representative, and shall include a copy of the authorization (the power of attorney) in accordance with ITB 21.3, (except that withdrawal notices do not require copies). The corresponding substitution or modification of the Bid must accompany the respective written notice. All notices must be:
- (a) prepared and submitted in accordance with ITB 21 and ITB 22 (except that withdrawal notices do not require copies), and in addition, the respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” or “MODIFICATION;” and
 - (b) received by the Employer prior to the deadline prescribed for submission of Bids, in accordance with ITB 23.
- 25.2 Bids requested to be withdrawn in accordance with ITB 25.1 shall be returned unopened to the Bidders.
- 25.3 No Bid may be withdrawn, substituted, or modified in the interval between the deadline for submission of Bids and the date of expiry of the Bid validity specified by the Bidder on the Letter of Bid or any extended date thereof.
- 26. Bid Opening** 26.1 Except as in the cases specified in ITB 23 and ITB 25.2, the Employer shall, at the Bid opening, publicly open and read out all Bids received by the deadline at the date, time and place specified **in the BDS** in the presence of Bidders’ designated representatives and anyone who choose to attend. Any specific electronic Bid opening procedures required if electronic bidding is permitted in accordance with ITB 23.1, shall be as specified **in the BDS**.
- 26.2 First, envelopes marked “WITHDRAWAL” shall be opened and read out and the envelope with the corresponding Bid shall not be opened, but returned to the Bidder. If the withdrawal envelope does not contain a copy of the “power of attorney” confirming the signature as a person duly authorized to sign on behalf of the Bidder, the corresponding Bid will be opened. No Bid withdrawal shall be permitted unless the corresponding withdrawal notice contains a valid authorization to request the withdrawal and is read out at Bid opening.
- 26.3 Next, envelopes marked “SUBSTITUTION” shall be opened and read out and exchanged with the corresponding Bid being substituted, and

the substituted Bid shall not be opened, but returned to the Bidder. No Bid substitution shall be permitted unless the corresponding substitution notice contains a valid authorization to request the substitution and is read out at Bid opening.

- 26.4 Next, envelopes marked “MODIFICATION” shall be opened and read out with the corresponding Bid. No Bid modification shall be permitted unless the corresponding modification notice contains a valid authorization to request the modification and is read out at Bid opening.
- 26.5 Next, all remaining envelopes shall be opened one at a time, reading out: the name of the Bidder and whether there is a modification; the total Bid Prices, per lot (contract) if applicable, including any discounts and alternative Bids; the presence or absence of a Bid Security or Bid-Securing Declaration, if required; and any other details as the Employer may consider appropriate.

- 26.9 The Bidders’ representatives who are present shall be requested to sign the record. The omission of a Bidder’s signature on the record shall not invalidate the contents and effect of the record. A copy of the record shall be distributed to all Bidders.

E. Evaluation and Comparison of Bids

- 27. Confidentiality** 27.1 Information relating to the evaluation of Bids and recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with the Bidding process until information on

the Intention to Award the Contract is transmitted to all Bidders in accordance with ITB 41.

27.2 Any effort by a Bidder to influence the Employer in the evaluation or contract award decisions may result in the rejection of its Bid.

27.3 Notwithstanding ITB 27.2, from the time of Bid opening to the time of Contract Award, if any Bidder wishes to contact the Employer on any matter related to the Bidding process, it should do so in writing.

28. Clarification of Bids

28.1 To assist in the examination, evaluation, and comparison of Bids, and qualification of the Bidders, the Employer may, at the Employer's discretion, ask any Bidder for clarification of its Bid including breakdowns of the prices in the Activity Schedule, and other information that the Employer may require. Any clarification submitted by a Bidder in respect to its Bid and that is not in response to a request by the Employer shall not be considered. The Employer's request for clarification and the response shall be in writing. No change, including any voluntary increase or decrease, in the prices or substance of the Bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the Bids, in accordance with ITB 32.

28.2 If a Bidder does not provide clarifications of its Bid by the date and time set in the Employer's request for clarification, its Bid may be rejected.

29. Deviations, Reservations, and Omissions

29.1 During the evaluation of Bids, the following definitions apply:

- (a) "Deviation" is a departure from the requirements specified in the bidding document;
- (b) "Reservation" is the setting of limiting conditions or withholding from complete acceptance of the requirements specified in the bidding document; and
- (c) "Omission" is the failure to submit part or all of the information or documentation required in the bidding document.

30. Determination of Responsiveness

30.1 The Employer's determination of a Bid's responsiveness is to be based on the contents of the Bid itself, as defined in ITB 12.

30.2 A substantially responsive Bid is one that meets the requirements of the bidding document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- (a) if accepted, would:

-
- (i) affect in any substantial way the scope, quality, or performance of the Non-Consulting Services specified in the Contract; or
 - (ii) limit in any substantial way, inconsistent with the bidding document, the Employer's rights or the Bidder's obligations under the Contract; or
- (b) if rectified, would unfairly affect the competitive position of other Bidders presenting substantially responsive Bids.
- 30.3 The Employer shall examine the technical aspects of the Bid submitted in accordance with ITB 17 and ITB 18, in particular, to confirm that all requirements of Section VII, Employer's Requirements have been met without any material deviation or reservation, or omission.
- 30.4 If a Bid is not substantially responsive to the requirements of bidding document, it shall be rejected by the Employer and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.
- 31. Nonconformities, Errors and Omissions**
- 31.1 Provided that a Bid is substantially responsive, the Employer may waive any nonconformities in the Bid.
- 31.2 Provided that a Bid is substantially responsive, the Employer may request that the Bidder submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Requesting information or documentation on such nonconformities shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.
- 31.3 Provided that a Bid is substantially responsive, the Employer shall rectify quantifiable nonmaterial nonconformities related to the Bid Price. To this effect, the Bid Price shall be adjusted, for comparison purposes only, to reflect the price of a missing or non-conforming item or component by adding the average price of the item or component quoted by substantially responsive Bidders. If the price of the item or component cannot be derived from the price of other substantially responsive Bids, the Employer shall use its best estimate.
- 32. Correction of Arithmetical Errors**
- 32.1 Provided that the Bid is substantially responsive, the Employer shall correct arithmetical errors on the following basis:
- (a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall

be corrected, unless in the opinion of the Employer there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;

- (b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- (c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to (a) and (b) above.

32.2 Bidders shall be requested to accept correction of arithmetical errors. Failure to accept the correction in accordance with ITB 32.1, shall result in the rejection of the Bid.

33. Conversion to Single Currency

33.1 For evaluation and comparison purposes, the currency(ies) of the Bid shall be converted in a single currency as specified **in the BDS**.

34. Margin of Preference

34.1 A margin of preference shall not apply.

35. Evaluation of Bids

35.1 The Employer shall use the criteria and methodologies listed in this ITB and Section III, Evaluation and Qualification Criteria. No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, the Employer shall determine the Most Advantageous Bid. This is the Bid of the Bidder that meets the qualification criteria and whose Bid has been determined to be:

- (a) substantially responsive to the bidding document; and
- (b) the lowest evaluated cost.

35.2 In evaluating the Bids, the Employer will determine for each Bid the evaluated Bid cost by adjusting the Bid price as follows:

- (a) price adjustment for correction of arithmetic errors in accordance with ITB 32.1;
- (b) price adjustment due to discounts offered in accordance with ITB 15.4;
- (c) converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITB 33;

-
- (d) price adjustment due to quantifiable nonmaterial nonconformities in accordance with ITB 31.3;
 - (e) excluding provisional sums and the provision, if any, for contingencies in the Activity Schedule but including Daywork, when requested in the Specifications; and
 - (f) the additional evaluation factors are specified in Section III, Evaluation and Qualification Criteria.
- 35.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in Bid evaluation.
- 35.4 If this bidding document allows Bidders to quote separate prices for different lots (contracts), the methodology to determine the lowest evaluated cost of the lot (contract) combinations, including any discounts offered in the Letter of Bid, is specified in Section III, Evaluation and Qualification Criteria.
- 36. Comparison of Bids** 36.1 The Employer shall compare the evaluated costs of all substantially responsive Bids established in accordance with ITB 35.2 to determine the Bid that has the lowest evaluated cost.
- 37. Abnormally Low Bids** 37.1 An Abnormally Low Bid is one where the Bid price, in combination with other constituent elements of the Bid, appears unreasonably low to the extent that the Bid price raises material concerns as to the capability of the Bidder to perform the Contract for the offered Bid price.
- 37.2 In the event of identification of a potentially Abnormally Low Bid, the Employer shall seek written clarifications from the Bidder, including detailed price analyses of its Bid price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding document.
- 37.3 After evaluation of the price analyses, in the event that the Employer determines that the Bidder has failed to demonstrate its capability to perform the Contract for the offered Bid Price, the Employer shall reject the Bid.
- 38. Qualification of the Bidder** 38.1 The Employer shall determine to its satisfaction whether the Bidder that is selected as having submitted the lowest evaluated cost and substantially responsive Bid is eligible and meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 38.2 The determination shall be based upon an examination of the documentary evidence of the Bidder's qualifications submitted by the

Bidder, pursuant to ITB 18. The determination shall not take into consideration the qualifications of other firms such as the Bidder's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Bidder that submitted the Bid.

38.3 Prior to Contract award, the Employer will verify that the successful Bidder (including each member of a JV) is not disqualified by the Bank due to noncompliance with contractual SEA/SH prevention and response obligations. The Employer will conduct the same verification for each subcontractor proposed by the successful Bidder. If any proposed subcontractor does not meet the requirement, the Employer will require the Bidder to propose a replacement subcontractor.

38.4 An affirmative determination shall be a prerequisite for award of the Contract to the Bidder. A negative determination shall result in disqualification of the Bid, in which event the Employer shall proceed to the Bidder who offers a substantially responsive Bid with the next lowest evaluated cost to make a similar determination of that Bidder's qualifications to perform satisfactorily.

**39. Employer's
Right to
Accept Any
Bid, and to
Reject Any or
All Bids**

39.1 The Employer reserves the right to accept or reject any Bid, and to annul the Bidding process and reject all Bids at any time prior to Contract Award, without thereby incurring any liability to Bidders. In case of annulment, all Bids submitted and specifically, Bid securities, shall be promptly returned to the Bidders.

**40. Standstill
Period**

40.1 The Contract shall not be awarded earlier than the expiry of the Standstill Period. The Standstill Period shall be ten (10) Business Days unless extended in accordance with ITB 44. The Standstill Period commences the day after the date the Employer has transmitted to each Bidder the Notification of Intention to Award the Contract. Where only one Bid is submitted, or if this contract is in response to an emergency situation recognized by the Bank, the Standstill Period shall not apply

**41. Notification of
Intention to

F. Award of Contract

42. Award Criteria

- 42.1 Subject to ITB 39, the Employer shall award the Contract to the successful Bidder. This is the Bidder whose Bid has been determined to be the Most Advantageous Bid. This is the Bid of the Bidder that meets the qualification criteria and whose Bid has been determined to be:
- (a) substantially responsive to the bidding document; and
 - (b) the lowest evaluated cost.

43. Notification of Award

- 43.1 Prior to the date of expiry of the Bid validity and upon expiry of the Standstill Period, specified in ITB 40.1, or any extension thereof, and, upon satisfactorily addressing any complaint that has been filed within the Standstill Period, the Employer shall notify the successful Bidder, in writing, that its Bid has been accepted. The notification of award (hereinafter and in the Conditions of Contract and Contract Forms called the "Letter of Acceptance") shall specify the sum that the Employer will pay the Service Provider in consideration of the execution of the Contract (hereinafter and in the Conditions of Contract and Contract Forms called "the Contract Price").
- 43.2 Within ten (10) Business Days after the date of transmission of the Letter of Acceptance, the Employer shall publish the Contract Award Notice which shall contain, at a minimum, the following information:

44. Debriefing by the Employer

44.1 On receipt of the Borrower's Notification of Intention to Award referred to in ITB 41, an unsuccessful Bidder has three (3) Business Days to make a written request to the Employer for a debriefing. The Employer shall provide a debriefing to all unsuccessful Bidders whose request is received within this deadline.

44.2 Where a request for debriefing is received within the deadline, the Employer shall provide a debriefing within five (5) Business Days, unless the Employer decides, for justifiable reasons, to provide the debriefing outside this timeframe. In that case, the standstill period shall automatically be extended until five (5) Business Days after such debriefing is provided. If more than one debriefing is so delayed, the standstill period shall not end earlier than five (5) Business Days after the last debriefing takes place. The Employer shall promptly inform, by the quickest means available, all Bidders of the extended standstill period.

44.3 Where a request for debriefing is received by the Employer later than the three (3)-Business Day deadline, the Employer should provide the debriefing as soon as practicable, and normally no later than fifteen (15) Business Days from the date of publication of Public Notice of Award of contract. Requests for debriefing received outside the three (3)-day deadline shall not lead to extension of the standstill period.

44.4 Debriefings of unsuccessful Bidders may be done in writing or verbally. The Bidder shall bear their own costs of attending such a debriefing meeting.

45. Signing of Contract

45.1 The Employer shall send to the successful Bidder the Letter of Acceptance including the Contract Agreement, and, if specified in the BDS, a request to submit the Beneficial Ownership Disclosure Form providing additional information on its beneficial ownership. If the Performance Security furnished by the successful Bidder is in the form of a bond, it shall be issued by a bonding or insurance company that has been determined by the successful Bidder to be acceptable to the Employer. A foreign institution providing a bond shall have a correspondent financial institution located in the Employer's Country, unless the Employer has agreed in writing that a correspondent financial institution is not required.
- 46.2 Failure of the successful Bidder to submit the above-mentioned Performance Security or sign the Contract shall constitute sufficient grounds for the annulment of the award and forfeiture of the Bid Security. In that event the Employer may award the Contract to the Bidder offering the next Most Advantageous Bid.
- 47. Adjudicator**
- 47.1 The Employer proposes the person named **in the BDS** to be appointed as Adjudicator under the Contract, at an hourly fee specified **in the BDS**, plus reimbursable expenses. Section VII - Activity Schedule

Scope of Work for Refugee Livelihood Enhancement Activity

Objectives

Under the World Bank supported Project Balochistan Livelihoods and Entrepreneurship Project (BLEP), The Government of Balochistan (GOB) through its Project Management and Implementation Unit (PMIU-BLEP), intends to deliver specific economic and social interventions to targeted beneficiaries. The interventions are to be underpinned by a participatory social mobilization approach, with the objective to improve the livelihoods of rural communities by promoting employment opportunities and sustainability of enterprises in project Districts. For delivery of these interventions, PMIU-BLEP, seeks the services of a capable agency (ies) with specialization in grassroots social mobilization approaches and, preferably, existing presence in the target geographical area.

Background

In response to the priorities of the Government of Pakistan on poverty reduction, the World Bank in close consultation with Government of Balochistan (GoB) and relevant stakeholders have designed the Balochistan Livelihoods and Entrepreneurship Project (BLEP) focusing on improving livelihoods of rural communities by promoting employment opportunities and sustainability of enterprises in project Districts. The project will be implemented in eight districts in the north of Balochistan, including Killa Abdullah, Killa Saifullah, Chagai, Sherani, Pishin, Mastung, Zhob and Nushki and will benefit rural households to promote livelihoods through enterprise development and job creation. The project will predominantly target communities based in areas affected by a protracted refugee situation. The above stated districts are also affected by a protracted refugee situation. The project is likely to gain benefits for the communities in selected districts, having reliance on enterprises related to various sectors, with a priority on Agriculture, Livestock, Mines & Minerals, Handicrafts and Small Industries, Ecotourism and Forestry. In addition, the Project will have specific benefits for people living in these geographical locations through improved facilities development. The Project will be implemented during the course of 6 Months. It is financed by the World Bank and executed by Planning and Development (P&D) Department Balochistan.

The Project development objective is to increase access to economic and social inclusion programs, among the poor and vulnerable households in select districts in Balochistan province particularly the vulnerable rural communities affected by protracted refugee situations. The current assignment has the following components which are to be covered in different phases:

a. Project Area and Targeting

The Implementation Partner (IP) will support the implementation of the Livelihood component of the Project in the 8 months period in the target districts of Qila Saifullah, Qila Abdullah, Shirani & Chaghi.

This 8 months (ending 30th June 2023) Livelihood component will be implemented in 4 Districts of the Balochistan targeting the vulnerable rural communities in target areas affected by a protracted refugee situation. The project will focus achieving the desired target of 2500 beneficiaries in the mentioned 4 districts the detail of which is mentioned in Annex-I i.e. Target beneficiary packages.

b. Project Implementation Arrangements

The BLEP is a multipronged, multi-component project, led by the Planning and Development Department Government of Balochistan (P&D-GOB), and supported by dedicated Project Management and Implementation Units (PMIUs). BLEP-GOB will engage services of an IP to take full responsibility for the delivery and implementation of interventions under the livelihood Component (details set out below).

Project design affords sufficient autonomy to the component PMIUs to take the lead in executing activities of their respective components with coordination and support of the P&D-GOB.

c. Objectives and Scope of the Assignment

Objectives

The objective of the assignment is to take full responsibility for the delivery and implementation of interventions under the Livelihood component as per the agreed terms. - Mentoring through dedicated human resource,

- Community mobilization and linkages with market to ensure post project Sustainability of interventions,
- Monitoring and reporting to PMIU-BLEP as per reporting format agreed in the agreement, and mentioned in Annex-II
- Organizing and engaging these households to participate in community-based institutions and link up with other ongoing development interventions.

2. Planning & Coordination

Under the approved Annual Work plan and Budget, the IP support and interventions will be planned and coordinated at provincial and district level through the Project forums created for this purpose. At Provincial Level, the activities will be planned and coordinated through BLEP PMIU. PMIU and IP will meet on monthly basis to review progress of activities and approve plans for the next month. Implementation targets and interventions will be reflected in the monthly and quarterly plans. District level planning and coordination will be done through the District Facilitation Centers in collaboration with PMIU. The IP's District head will represent the IP at district level. The Committee will meet on monthly basis to review progress on Quarterly Work Plan and formulate plan for the next month and also resolve any progress, implementation and coordination issues.

3. Monitoring & Evaluation

The PMIU-BLEP has a comprehensive M&E framework for the project, which the IP will follow to develop its internal M&E framework and system. It will be integrated with the PMIU-BLEP M&E. It will enable efficient monitoring of qualitative and quantitative aspects on a regular basis. This will also allow real time fine-tuning as needed. It will include:

- (i) monitoring of the project development objective and results indicators;
- (ii) third party evaluations focused on operational review and process evaluation; and
- (iii) any other monitoring requirements specified by the PMIU-BLEP. It will also include developing a strong and integrated management information system (MIS) that will enable tracking key indicators at the beneficiary level.
- (iv) Implementation Partner's Internal Monitoring & Reporting

The IP will develop an internal monitoring and reporting system that is aligned to PMIU-BLEP's monitoring and progress reporting system. IP's M&E staff will be responsible for the monitoring of activities assigned to the IP, including their effectiveness and efficiency, and IP shall furnish district-wise and consolidated progress reports to PMIU-BLEP in agreed upon formats and intervals.

- (v) Facilitation of Third-Party Monitoring (TPM)/ Operations Review (OR)

The Project will engage a TPM firm for third-party monitoring and operations review. The IP will facilitate the monitoring processes as specified by the TPM firm. The main objective of TPM would be to ensure that all activities under different components of the project, including IP's activities, are implemented in accordance with the Contract Agreement / POM and/or other key documents, including but not limited to Guidelines, SOPs, Contract document/TORs etc. The TPM firm will provide regular feedback to the Project team enabling them to take timely corrective measures regarding implementation to ensure conformance to agreed protocols and procedures. TPM will carry out:

- a. **Spot Checks:** This would include, but not be limited to, observing and collecting random information and reporting any variations in the information collected for the same process by the implementing agencies and the IP and later by the TPM firm.
- b. **Process Evaluation:** Process evaluation will assess the performance of Project cycle and process flows by observing the efficiency (resource and time wise) and accuracy (adherence to the Operations Manual).
- c. **Beneficiary Feedback:** The TPM firm shall collect feedback directly from beneficiaries through household level surveys, focus group discussions, community dialogues, and interviewing beneficiaries during spot checks.
- d. In cases where the Third Party Monitoring reveals data discrepancy or any deviance from the agreed upon implementation process, IP will be responsible to take active steps to address that and to update the PMIU-BELP on reasons why such discrepancy occurred as well as the measures undertaken to address them.

(vi) Facilitation of Third-Party Impact Evaluation (TPE)

The PMIU-BLEP will engage services of a separate firm for the impact evaluation and the IP will facilitate them in carrying out their assigned tasks.

4. Management Information System

The PMIU-BLEP will develop an MIS that will manage data reporting and management to create regular reports on progress of the project and to identify project shortfalls in real time. For the purpose, there will be an MIS application, where access will depend on the user profile. IP's project assigned staff and other relevant staff (including GRM) will have to install the application in their devices (smart phones or tablets) so that all the collected information is part of the overarching MIS.

5. Risk Assessment & Mitigation Strategy

Risk management is referred to as the systematic identification of potential events which may prevent or obstruct attainment of the project objectives as well as requires the implementing agency to take measures to minimize the impact of those events. Pertinent to this, the firms will be required to incorporate risk assessment and mitigation strategies in their proposals as well as in the inception report for the planned duration in target districts, which shall be based on the following:

1. Identify potential risks especially in view of the COVID-19 situation, at the stage of the project design and planning that may affect successful project implementation. Based on this, offer insights to ensure integration of a COVID-adaptive approach in compliance with GoB Guidelines.
2. Assess likelihood and impact of the event on achieving the project objectives.
3. Evaluate risk responses and adopt an appropriate mitigation measure.
4. Put in place policies and procedures to ensure risk mitigation measures are agreed and successfully implemented.
5. Ensure that all staff are familiar with the risks identified as well as mitigation measures and plans.

6. No Objection Certificate

Obtaining NOC from Provincial Government, Local Administration and relevant Local Security Agencies for carrying project activities in target districts (as per phased approach) can be crucial for timely initiation of project activities. Pertaining to this, PMIU-BLEP will facilitate the IP in terms of carrying out official correspondence with the concerned authorities. However, as the information related to physical and human resources will have to come from the IP after its selection, therefore, timely provision of such information to the concerned authorities as well as follow-ups for expediting the process of NOC will be the responsibility of the IP.

It may be noted that having no foreign links/personnel is the requirement of all Security Agencies. Hiring of those NGOs/consultancy firms who have proper registration and security clearance in Pakistan is a major consideration for PMIU-BLEP.

7. Overall Governance, Management and Reporting Framework

Other than the specific activities mentioned above, the IP will have the following overall responsibilities in terms of governance, management and reporting framework:

- 1) Deploy adequate social mobilization and technical support capacities, through adequate number of regional and field offices to effectively deliver all assigned tasks.
- 2) Notify male and female social organizers and technical support staff to be responsible for each of the covered Union Councils and Villages / Refugee villages with adequate safeguards against rapid staff turnover.
- 3) Procure relevant equipment for the social mobilizers and mentors that would help in monitoring their activities as well as in real time data collection and verification (e.g. smart phones or tablets);
- 4) Contribute actively to the development and validation of project implementation strategies and activity manuals and guidelines for the Livelihood component;
- 5) Assist in formulation of annual work plans and budgets with regards to activities assigned to the IP along with operational costs;

- 6) Leverage existing social capital in the shape of relevant COs, VOs, LSOs in targeting and delivery of project interventions, establishment of additional COs/VOs where required and ensuring close handholding support to project beneficiaries till they reach a level of self-sustenance;
- 7) Synergize on-going programs and interventions with Livelihood component to avoid duplication, contradictions and overlaps and to achieve enhanced impact;
- 8) Submit district and consolidated program progress reports on assigned tasks to PMIU-BLEP as per agreed schedules and deadlines;
- 9) Conduct assessment and review of project interventions and processes on an on-going basis and advise PMIU-BLEP on appropriateness, relevance and effectiveness with recommendations for improvements;
- 10) Assign Project Manager / Coordinator as a member of the Project Coordination Committee to be the main interface with the Project Directorate / PMIU-BLEP during project's planning, coordination and review meetings. The CEO of the IP will be assigned as member of the Project Steering Committee;
- 11) Identify/notify district offices as well as an appropriate number of sub-district level offices with appropriate number of qualified social mobilization and technical staff to undertake project activities;
- 12) Participate at appropriate level in all Project Supervisions, Mid-term Review and Project Completion Review; and
- 13) Establish an internal Grievance Redressal Mechanism to promptly address any complaints related to targeting, staff conduct, procurement, quality etc. In addition, educate target audiences on PMIU-BLEP grievance redressal mechanisms and facilitate their access to appropriate reporting channels

8. IP Mobilization on post project sustainability of Interventions

During the 1st month period of the implementation, the IP will be required to fulfill early preparatory activities pertaining to all districts within fifty (15) days of signing of partnership agreement, which shall cover submission of Project inception report, establishment of field offices, and placement of dedicated and qualified project field staff as specified in Team Composition of this ToR.

The selected IP will be required to prepare and submit post project livelihood sustainability plan to PMIU-BLEP which should ensure post project sustainability measures in program activities particularly the arrangement of market linkages and / or long term engagement of IP's own self sustained enterprising entities at the community level to ensure that the beneficiaries gets continued support for their sustained livelihoods. The IP should clearly state the arrangement of such measures in their post project sustainability plan and must have covered the cost of such arrangement in their financial proposal submission form mentioned as Annex-III.

9. Deliverable, Payment Reporting Requirements

Note: The same schedule of deliverables will prevail in throughout project duration.

- Any other item that is considered inappropriate in the light of project objectives, approach and interventions by the PSC or PCC.

Environmental, Social, Health and Safety (ESHS) Requirements

(Not Applicable)

The Employer should use the services of a suitably qualified environmental, social, health and safety specialist/s to prepare the specifications for ESHS working with a procurement specialist/s.

The Employer should attach or refer to the Employer’s environmental, social, health and safety policies that will apply to the project. If these are not available, the Employer should use the following guidance in drafting an appropriate policy for the Works.

SUGGESTED CONTENT FOR AN ENVIRONMENTAL AND SOCIAL POLICY

The Works’ policy goal, as a minimum, should be stated to integrate environmental protection, occupational and community health and safety, gender, equality, child protection, vulnerable people (including those with disabilities), gender-based violence (GBV), HIV/AIDS awareness and prevention and wide stakeholder engagement in the planning processes, programs, and activities of the parties involved in the execution of the Works. The Employer is advised to consult with the World Bank to agree the issues to be included which may also address: climate adaptation, land acquisition and resettlement, indigenous people, etc. The policy should set the frame for monitoring, continuously improving processes and activities and for reporting on the compliance with the policy.

The policy should, as far as possible, be brief but specific and explicit, and measurable, to enable reporting of compliance with the policy.

As a minimum, the policy is set out to the commitments to:

- 1. apply good international industry practice to protect and conserve the natural environment and to minimize unavoidable impacts;*
- 2. provide and maintain a healthy and safe work environment and safe systems of work;*
- 3. protect the health and safety of local communities and users, with particular concern for those who are disabled, elderly, or otherwise vulnerable;*

8. *engage with and listen to affected persons and organizations and be responsive to their concerns, with special regard for vulnerable, disabled, and elderly people;*
9. *provide an environment that fosters the exchange of information, views, and ideas that is free of any fear of retaliation;*
10. *minimize the risk of HIV transmission and to mitigate the effects of HIV/AIDS associated with the execution of the Works;*

The policy should be signed by the senior manager of the Employer. This is to signal the intent that it will be applied rigorously.

Performance Specifications and Drawings
(Describe Outputs and Performances, rather than Inputs, wherever possible)
(Not Applicable)

Notes on Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Employer without qualifying or conditioning their Bids. In the context of international competitive Bidding, the specifications must be drafted to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of economy, efficiency, and fairness in procurement be realized, responsiveness of Bids be ensured, and the subsequent task of Bid evaluation facilitated. The specifications should require that all goods and materials to be incorporated in the Services be new, unused, of the most recent or current models, and incorporate all recent improvements in design and materials unless provided otherwise in the Contract.

Samples of specifications from previous similar projects in the same country are useful in this respect. The use of metric units is encouraged by the World Bank. Most specifications are normally written specially by the Employer to suit the Contract in hand. There is no standard set of Specifications for universal application in all sectors in all countries, but there are established principles and practices, which are reflected in this document

There are considerable advantages in standardizing General Specifications for repetitive Services in recognized public sectors, such as education, health, sanitation, social and urban housing, roads, ports, railways, irrigation, and water supply, in the same country or region where similar conditions prevail. The General Specifications should cover all classes of workmanship, materials, and equipment commonly involved in the provision of Services, although not necessarily to be used in a particular Services Contract. Deletions or addenda should then adapt the General Specifications to the particular Services.

Any sustainable procurement technical requirements shall be clearly specified. Please refer to the Bank's Procurement Regulations and sustainable procurement guidance for further information. The requirements to be specified shall be specific enough to not demand evaluation based on rated criteria/merit point system. The sustainable procurement requirements shall be specified to enable evaluation of such a requirement on a pass/fail basis. To encourage Bidders' innovation in addressing sustainable procurement requirements, as long as the Bid evaluation criteria specify the mechanism for monetary adjustments for the purpose of Bid comparisons, Bidders may be invited to offer Non-Consulting Services that exceed the specified minimum sustainable procurement requirements.

Any applicable environmental and social requirements shall be specified. The ES requirements should be prepared in manner that does not conflict with the relevant General Conditions (and the corresponding Special Conditions if any) and other parts of the specifications.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for goods, materials, Services, and workmanship, recognized international standards should be used as much as possible. Where other particular standards are used, whether national standards of the Borrower's country or other standards, the specifications should state that goods, materials, Services and workmanship that meet other authoritative standards, and which ensure substantially equal or higher quality than the standards mentioned, will also be acceptable.

The following clause may be inserted in the Special Conditions or Specifications.

Sample Clause: Equivalency of Standards and Codes

**ATTACHMENT # 1 – APPENDIX G
INCENTIVE COMPENSATION CALCULATION PROCEDURE NOTES**

[SAMPLE: This part is to be designed on a case by case approach]

**PART A THE METHOD FOR CALCULATING PERFORMANCE INCENTIVE
COMPENSATION IN EACH CONTRACT YEAR**

I. The Performance Incentive Compensation for each Contract Year shall be calculated as follows:

$$\text{Compensation} = \text{Composite Score} \times 0.2 \times \text{Maximum Annual Incentive Compensation}$$

Where:

- (i) The Maximum Annual Incentive Compensation is calculated as set out in Section 2.1 of the Performance Incentive Compensation Appendix Provisions; and
- (ii) The Composite Score is calculated in accordance with “Part B-The Method for Calculating the Composite Score” of these Incentive Compensation Calculation Procedure Notes.

PART B THE METHOD FOR CALCULATING THE COMPOSITE SCORE

1. The Composite Score for each Contract Year shall be as follows:

Composite Score Total of All Weighted Scores for the Performance Criteria

Where:

- (i) The Weighted Score for each Performance Criterion equals Criterion Weight x Criterion Value;
- (ii) The Criterion Value is measured from “Excellent” to “Poor” with corresponding values of 5 (for “Excellent” performance) to 1 (for “Poor” performance) as set out in the Incentive Compensation Charts and evaluated based on the performance of the Service Provider;
- (iii) The Criterion Value which the Operator receives for any Performance Criterion is based upon the technical standards set out in the Incentive Compensation Charts under the headings, “Excellent”, “Very Good”, “Good”, “Fair”, and “Poor” as compared against the Operator’s actual technical standards in each Contract Year; and
- (iv) If the Service Provider’s actual performance in a Contract Year,
 - (a) exceeds the technical standards for an “Excellent” Criterion Value, then the Criterion Value shall be 5;
 - (b) is less than the technical standards for a “Poor” Criterion Value, then the Criterion Value shall be zero; or
 - (c) is in between the technical standards for two Criterion Values, then the Criterion

Value shall be rounded down to the nearest whole number or 0.5 decimal point.

2. For the purpose of clarity, it is noted that there are only ten Criterion Values to be used as follows: 0, 1, 1.5, 2, 2.5, 3, 3.5, 4, 4.5 and 5.

3. Notwithstanding paragraphs 1 and 2 above, with respect to the Performance Criterion relating to institutional improvements in Attachment #2 The Incentive Compensation Charts 1-8,

- (a) if the Service Provider’s actual performance in a Contract Year is less than the technical standard for a “Fair” Criterion Value, then the Criterion Value shall be zero;
- (b) for the purpose of clarity, it is noted that there are only three Criterion Values to be used as follows: 0, 2 and 5; and
- (c) each of the documents or plans listed under the Performance Criterion shall be scored with the appropriate Criterion Value and a mean average score will be taken to calculate the Criterion Value for the Performance Criterion, which shall be rounded down to the nearest whole point or 0.5 decimal point.

4. For ease of reference, the following calculation represents the calculation of the Composite Score for a hypothetical Service Provider for four performance criteria in one Contract Year.

Sample Incentive Compensation Chart

Performance Criterion		Units	Criterion Values				
			Weight				
			Excellent	Very Good	Good	Fair	Poor
1.	e.g. Electricity use [% reduction in kW. hr consumed from Base Year]	0.30	65	55	50	40	30
2.	[Criterion 2] []	0.25	20	19	17	16	15
3.	[Criterion 3] []	0.15	30	25	20	15	10
4.	[Criterion ~] []	0.30	90	85	80	75	70

The following table demonstrates the procedure for the calculation of the “**Composite Score**”, if at the end of the year the achievements of the Service Provider are as follows:

1.	[e.g. Electricity use]	57
2.	[Criterion 2]	22
3.	[Criterion 3]	29
4.	[Criterion 4]	69
